

29th September,
Brussels

Dear Mr Hololei,

I am writing to you regarding the letter you received from the *Association for the Development of Transport Infrastructure in Moravia*, dated 26th October 2016.

I would like to express my full support for the position presented by the chairman of the Association, Mr Libor Lukáš.

I have been working in close cooperation with the Association for many years and I appreciate their work, as a respected platform addressing the important issue of transport infrastructure in Moravia.

I fully support the completion of the project under discussion - D 4901 Hulin - Frystak, which is very important not only for transport services in the region, but also within the Trans-European Transport Network TEN-T.

I urge the Commission to study the arguments submitted by the *Association for the Development of Transport Infrastructure in Moravia* and take them into account when creating an opinion on this issue.

Kind regards,

Martina Dlabajová
Member of the European Parliament
